

Re.: REACH declaration

Dear Customer,

in accordance with chapter 7, par. 1 of the EC Regulation 1907/2006 relating to the registration, evaluation, authorization and restriction of chemical substances (REACH), Master is configured as a downstream producer of articles exempt from any substance intentionally released.

Our commitment consists in the exchange of information along the entire supply chain relating to the use or production of substances that can be included in the REACH register: all the substances and mixtures used in our production processes are already registered.

If used as intended, our products does not cause health and environmental hazards and no safety data sheets are required.

This information is based on the current knowledge and experience.

Our customer service is always available for further questions and clarifications.
